OF LOCAL MOMENT

Local Elks have revived the movement for a home-building campaign. And, the time to do it is right now.

Several propositions have been advanced that will make the proposition a paying one from the jump.

Sugar is selling on the local market for as low as 11 cents a pound today.

That is fifty per cent lower than it was selling for three months ago, and grocers predict that it will be selling for ten cents before Christmas. And at that the price will be too high.

As an evidence that the city police are alert and on the job, citizens are directed to the McNulty fire last night. Had it not been for the night police the building would have been completely destroyed. There was no insurance on the building or stock.

Since N. H. Ruth cannot make any more runs, we can now devote all of our spare time reading up on the League of Nations.

Lord bless the man who has a baby in the family. He can remain at home and care for it while mother goes to the polls and votes. It is one more opportunity for a manifestation of patriotic citizenship.

A new deputy has arrived at the home of Sheriff Robertson and has been named Benjamin Brummage Robertson. Mother and son doing nicely.

Leo Billings lost the sight of his right eye yesterday when a piece of bath struck him in the eye and pierced the ball. Doctors say the eyeball can be saved but that it will be dark. Mr. Billings was lathing when the accident occurred.

William Baker, who has been visiting friends in Indiana and Illinois during the summer, has returned and will be here during the winter.

Vic Long has purchased the well known as Miller Cash and Carry grocery, corner of First street and Harrison. Mr. Long will continue the business as a Cash grocery and will make some low prices on groceries. Later on a free delivery will be started. Mr. Long will also sell tinware and fixtures or trade it for land or city property. See his Ad on the Food page of today's Leader.

Sent In: "Is it possible that teachers and officers of the city are ignorant of the fact that practically fifty per cent of the male students of the high school gamble in one way or another? And is it not the duty of the officers and the faculty and the school board to investigate the matter? These are questions it is hoped the ones officially interested in will look into and answer."

If it is true that high school students are in the habit of carrying dice in their pockets to school, the students guilty of the offense should be punished by expulsion.

Willie Haynes, the third in his family to go crazy during the past two years, was taken to Norman yesterday in an automobile. He was so violent that it required five men to subdue him, and he nearly tore down the old jail when Sheriff Robertson and his men came to take him to the train. It was found that he could not be taken in an interurban car, so an automobile was chartered and several men went along to hold the patient.

Although Liberia was founded and colonized by America, the use of British money, weights and measures has always prevailed in the negro republic.

are true values beyond the question of a doubt. We're taking a shorter profit per suit but we're putting them over at double time.

These suits don't represent a "Lucky purchase" on our part; they don't represent a "cut price" from an original high mark up; no element of chance made the low prices possible.

But they do represent planning of months ago with a definite purpose of making them the best values men and young men of Guthrie could get.

These kind of suit values compel an investigation. Look at the display in our windows, then step inside. You'll be more than pleased when you try them on.
